Break 10:05-10:20  
2<sup>nd</sup> Block 10:20-12:20

## Senior's View of CSUF

**Tiffani Florez**

What do you find interesting about CSU Fullerton?

"I love Orange County in general so that's what drew my interest at first, then I started doing research and they had my major, (Child and Adolescent Studies), and it felt like the right school for me." (Far right in top photo)

## AVID Field Trip! Knott's Berry Farm and CSU Fullerton

On November 10th, all AVID programs in Southern California had the opportunity to go to Knott's Berry Farm! On the trip, REV got to visit CSU Fullerton where a scavenger hunt was held to get students familiar with the campus. Students were able to see the dorms, library, gym, and other facilities that the college had to offer. Students also made a pit stop at the Brea Mall where they were able to eat and socialize before arriving at Knott's Berry Farm. Once at the amusement park, students in groups of 3 or more had a blast at Southern California's most popular amusement park. The trip, with over 150 REV AVID students in attendance was an absolute success!
