## Title IX Proportionality Figures for REVHS

Providing participation opportunities for male and female REVHS student-athletes is one of our top priorities. The percentage of female student-athletes should be proportionate to the overall female population of the school. The ratio needed for compliance is determined on a case by case basis by the Office of Civil Rights (OCR) but in general, to be considered “proportional” means the ratios must be within five percent (5%) or less. The participation figures at REVHS during the 2015-16 school year were as follows:

| <b>TOTALS Participants for REVHS 2015-16</b>        |  | <b>Male: 627</b>   |
|---|--|--------------------|
|   |  | <b>Female: 451</b> |
| <b>Male Participants / Total Male Population:</b>   |  | <b>627 / 1121</b>  |
| <b>Female Participants/Total Female Population:</b> |  | <b>451 / 1027</b>  |
| <b>% of Male athletes / % Male Population:</b>      |  | <b>58.2% / 52%</b> |
| <b>% of Female athletes / % Female Population:</b>  |  | <b>41.8% / 48%</b> |
